Strong Sun Moon is a multi-genre experimental ensemble from Seattle, featuring a blend of styles influenced by Latin rhythms, Americana, Blues and World music. The group transcends genre boundaries with a unique combination of complex ancient rhythms, piercing 21st century lyrics, and a blend of musical styles from three continents, weaving a kind of inclusive love that inspires a true sense of community. Instruments from South America, Cascadia, and Eastern Europe form a compelling musical landscape and moving painting of verse highlighting visionary lyrics and social justice.
